Smartly Constructed Quality Testing
Instruments & Laboratory Consumables

The ultimate Epitome of excellence

UMTA TEXTSTYLES

TEXTILE LABORATORY TESTING INSTRUMENTS & CONSUMABLES

Started its Operation in the Year 2009, Located in Vapi (Gujarat).

We cater to the needs of Textile Testing Labs, Dyes and Colour Testing Labs, Pharma Labs and Other Testing Labs particularly in Gujarat and Maharashtra as well as other parts of the country.

We have also extended our Customer Base abroad in recent years as a part of widening the Business Activity.

We manufacture, supply and serve Textile Testing Instruments & Other Laboratory Consumables. For meeting the Customized requirements of the customers.

Customised Manufacturing and Customer Support are the highlights of our activity.

We regularly visit national and international exhibitions and innovations & novel approaches are shared with our customers in National Market as an ongoing activity.

The Vision and Guidance of Mr. Hasmukh Shah (Kiran Threads) and his Experienced Leadership are the guiding force in establishing a satisfied Customer Base as well as innovative and productive initiatives.

Customers

We cater to the needs of Testing Labs Textiles, Dyes and Pigment, Paper Pharma Labs and Other Industries particularly in Gujarat and Maharashtra as well as other parts of the country.

We have also extended our Customer Base abroad in recent years as a part of widening the Business Activity.

We manufacture, supply and service Testing Instruments & Other Laboratory Consumables. We take special attention for meeting the Customized requirements by providing Special instruments and services.

Activities Planned for Future

Enhancing the focus in the area of Textile Apparel & Garmenting, Design & Development, Garment Accessories, Calibration as well as Paper & Plastic Industries.

Services Offered

- ▶ Interaction and suggestion to Customers in selecting appropriate instrument based on their requirements
- ▶ Installation, Demonstration, Operator Training, Follow-up Service
- ▶ Annual Maintenance Schemes, Providing immediate repair services as well as Commercial and Technical Services
- ▶ Providing Quality Consumables from SDC, AATCC and International Organizations
- ▶ Offering Total Solutions for Customer Challenges and Quality Standards Adherence

Product Range

- ▶ Products which are well established and accepted by the industry.
- ▶ Products which are drawn from the allied industry for proving solutions to the challenging scenarios.
- ▶ Innovative products which needs new design inputs for higher level of challenges.

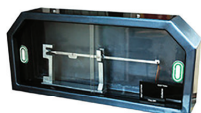

We have about 250 products in our range covering Industries involving Textiles (Spinning, Weaving, Processing, Finishing, Garmenting & accessories), Dyes & Pigments, Pharma, Paper & Plastic Industry.

FABRIC TESTING INSTRUMENTS

Martindale Abrasion Tester
